ARTICLE I GRIEVANCE PROCEDURE

A. Definitions

- a) A "grievant" shall mean an employee or group of employees filing a grievance. The Association may grieve any issue which affects two or more employees.
- b) A "grievance" shall mean only a complaint that there has been an alleged violation, misinterpretation, or misapplication of any of the specified provisions of this Agreement.

B. Grievance Rights-Responsibilities

- a) Every teacher and/or the Association covered by this Agreement shall have the right to present grievance in accordance with the procedures set out herein.
- b) The failure of a teacher or the Association to act on any grievance within a prescribed time limit will act as a bar to any further appeal, and an administrator's failure to give a decision within the time limits shall permit the grievant to proceed to the next step. The time limits, however, may be extended by mutual agreement.
- c) It is agreed that any investigation or other handling or processing of any grievance by the grieving teacher or teachers and/or the Association shall be conducted so as to result in no interference with or interruption whatsoever of the instructional program and related work activities of the grieving teacher or teacher or of the teaching staff.

C. Right to Representation

- a) If, in the judgment of the Association, a grievance exists affecting two or more employees, the Association may process such a grievance through all levels of the procedure even though there is no individually aggrieved person who wishes to do so. Class grievance involving more than one supervisor, and grievances involving an administrator above the building level may be filed by the Association at Step Two.
- b) In matters dealing with alleged violation of Association rights, the grievance shall be initiated at Step Two.

- c) The Association on its own may continue and submit to arbitration any grievance filed and later dropped by a grievant provided that the grievance involves the application or interpretation of this Agreement.
- d) All meetings and hearings, under this procedure, shall be conducted in private and shall include only witnesses, the grievant, and their designated or selected representatives heretofore referred to in this Article.
- e) Unless mutually agreed to, all grievances shall be processed outside the employee's work day.

D. Individual Rights

A grievant may be represented at all stages (steps) of the grievance procedure by himself or herself or at the grievant's option by an Association representative selected or approved by the Association.

If an aggrieved party is not represented by the Association, the Association shall have the right to be present and to state its views at all stages of the grievance procedure.

E. Procedure

Step One

- a) **Informal** — An attempt shall be made to resolve any grievance in informal, verbal discussion between complainant(s) and his/her/their principal.
- b) **Formal** — If the grievance cannot be resolved informally, the aggrieved teacher shall present the grievance in writing to the immediately involved supervisor. The written grievance, submitted on Schedule A, shall state the nature of the grievance, shall note the specific clause or clauses of the grievances, and shall state the remedy requested. The filing of the formal, written grievance must be within ten (10) school days from the date of occurrence or knowledge of the event giving rise to the grievance. The immediately involved supervisor will arrange for a meeting to take place within four (4) school days after receipt of the grievance. The grievant and/or the Association and the supervisor shall be present for the meeting. The supervisor shall provide the aggrieved party and the Association with a written answer to the grievance within two (2) school days after the meeting, utilizing the form as outlined in Schedule A. Such answer shall include the reasons upon which the decision was based.

Step Two

If the grievant is not satisfied with the disposition of his/her grievance at Step One, or if no decision has been rendered within six (6) school days after presentation of the grievance, then the grievance may be referred to the superintendent or his/her official designee. The superintendent shall arrange for a hearing with the grievant and the Association to take place within five (5)

school days of his/her receipt of the appeal. The parties in interest shall have the right to include in the representation such witnesses and representatives as they deem necessary to develop facts pertinent to the grievance. Upon conclusion of the hearings, the superintendent will have four (4) school days to provide his/her written decision, together with the reasons for the decision, to the Association.

Step Three — Binding Arbitration

- a) The grievance shall be considered settled in Step Two and not subject to further appeal unless within fifteen (15) school days after the answer of the superintendent or designee is received or is due, whichever is earlier, the Association notified, in writing, the superintendent that the grievance is being submitted to arbitration. If any question arises as to arbitrability, such question will first be ruled upon by the arbitrator selected to hear the dispute.
- b) Within ten (10) school days after such written notice of submission to arbitration, the superintendent and Association may attempt to agree upon a mutually acceptable arbitrator and to obtain a commitment from such arbitrator to serve. If the parties are unable to agree upon an arbitrator or to obtain such a commitment within the ten (10) school day period, a request for a list of seven (7) arbitrators shall be made to the Public Employment Relations Board (PERB) by either party. The parties will be bound by the rules and procedures of the PERB. The parties shall alternately strike names from the list. The remaining name shall serve as the arbitrator.
- c) The arbitrator selected will confer with the representatives of the superintendent and the Association and hold hearings promptly and will issue his/her decision not later than thirty (30) calendar days from the date of the close of the hearings, or, if oral hearings have been waived, then from the date the final statements and proofs are submitted to him/her. The arbitrator's decision will be in writing and will set forth his/her findings of fact, reasoning and conclusions on the issues submitted. The arbitrator will be without power or authority to make any decision which is violative of the terms of this Agreement. The arbitrator shall be empowered to include in any award such remedies as he/she may deem proper. The decision of the arbitrator will be submitted to the Board and the Association and will be final and binding upon the parties.
- d) The costs for the services of the arbitrator, including per diem expenses, if any, and his/her travel and subsistence expenses and the costs of any hearing room, will be borne equally by the Board and the Association. All other costs will be borne by the party incurring them.

F. Cooperation of Board and Administration

The Board shall furnish the grievant such information as is requested for the processing of any grievance. No grievant shall be treated any differently than an employee not filing a grievance.

ARTICLE XII EMPLOYEE EVALUATION PROCEDURES

A. Introduction

It is understood by the Board, administration and faculty members that the purpose of this evaluation is to provide professional assessment to enhance professional growth.

B. Definitions

- a) "Formal observation" shall mean that observation of an employee's performance that is used for the development of a formal written evaluation.
- b) "Informal observation" shall mean the unannounced observation of an employee's performance on the job during working hours that results in a written informal report or evaluation.

C. Notification

Prior to the 45th day of school, the building administrator will meet with all beginning teachers to review the Beginning Teacher Plan expectations and evaluation timelines. The expectations must include the Iowa Teaching Standards and Criteria. At this time, the administrator will provide staff with copies of all evaluation guidelines and forms.

D. Teacher Evaluation Criteria

- a) Evaluations are to be made by the building principal and/or the superintendent, hereinafter referred to as the evaluator.
- b) Teachers will be evaluated formally in writing at least once every three years or as deemed necessary by the administration.
- c) All appraisals are to be in writing. Follow-up conference with the teacher will be scheduled within ten (10) working days. The evaluator and the teacher shall each retain a signed copy of the evaluation record.
- d) If an employee wishes to respond to the evaluation in writing, he/she shall do so within five (5) working days of the conference. This response will become part of the employee's evaluation record.
- e) The evaluation will be confidential and is to be utilized only by the administration and the

faculty member to whom it pertains.

- f) The evaluator shall provide the teacher adequate time and help to meet the expectations of the administration.
- g) Observations used for the purpose of formal evaluations will be done with the knowledge of the employee.

E. Tier I: Beginning/Newly Hired Teachers

The purpose of the Tier I cycle is to assist new employees in becoming contributing members of the Iowa Valley staff. Focused upon the first two years of district employment, it includes the following components: mentoring, classroom observations, required professional development, and evidence of meeting the Iowa Teaching Standards and Criteria. In this cycle, a portfolio and classroom observations by the building principal are required.

a) Classroom Observations

- 1) Formal Observations – Three formal observations will be conducted for each teacher in year one and year two. Two formal observations must be conducted prior to February 1st. The third observation must be held prior to the required summative evaluation conference (to be completed by March 30th). Each of these observations will have a pre-observation and post-observation conference. Additional formal observations may be conducted at the discretion of the administrator. The teacher must complete and be ready to discuss the required pre-observation and post-observation forms with the administrator at these conferences. (Use provided forms.)

One of the formal observations will be of an extended duration. At the elementary level this is defined as an observation of at least two consecutive hours. At the secondary level it should involve observing the same class period for two or three consecutive days. The focus of this observation should be on Standard 2-Content Knowledge; Standard 3-Planning and Preparation; Standard 4-Delivery of Instruction; Standard 5-Monitoring Student Learning; and Standard 6-Classroom Management.

- 2) Informal Observations – Informal observations may also be used at the discretion of the administrator. Informal observations include any and all things that reflect overall professionalism. These may include unannounced classroom observations, professional behaviors in a variety of settings, and involvement in extra-curricular school activities or functions.
- 3) Portfolios – A cumulative professional portfolio will be created and maintained by all beginning teachers in year one and year two. The professional portfolio serves as a catalyst for substantive growth in areas of teaching, philosophy, methods, and goals. Moreover, the portfolio provides administrators with concise, selective, evidence-based information from a variety of sources. It can also provide the beginning, new to the district teacher with an individualized, credible, and factual document for the purpose of

evaluation and feedback. The administrator and the new teacher will review and discuss the portfolio at scheduled conferences. The portfolio may also reflect the teacher's implementation of the skills being learned as part of the District Mentoring and Induction Program, the District Career Development Plan, and the Building Action Plan.

- 4) Summative Conference – A final summative conference will be held with the first year Tier I teacher on or before March 30th. The purpose of the conference will be to provide the teacher with a current performance review with feedback and explanation based on the required and informal performance review activities conducted during the year. A comprehensive evaluation will be held with the second year Tier I teacher on or before March 30th. The recommendation for continued participation in the District Mentoring and Induction Program may be made at this time if it is viewed that the teacher could benefit from this. This continuing participation should not exceed one year. The District must use the Comprehensive Evaluation Form provided by the Department of Education. IAC 284.3, subsection 2, Code Supplement 2001, requires this process.
 - 5) The administrator and beginning teacher recommended for licensure will meet prior to the 45th day of the following school year to cooperatively design an Individual Career Development Plan. The plan should focus on areas from the Iowa Teaching Standards that the administrator and the teacher feel would be of most benefit to the career teacher in supporting the teacher's on-going skill development for the Iowa Teaching Standards and the student achievement goals of the attendance center and the school district as stated in the District's Comprehensive School Improvement Plan (CSIP) and Building Action Plans.
- b) **Employees New to the District but With Prior Teaching Experience**
- Employees new to the District but with three (3) or more consecutive years experience teaching in another district will be evaluated as a Tier I teacher during their first year of teaching in the District. The focus of the evaluation will be on demonstrating competency in the Eight Iowa Teaching Standards. Teachers in this category will also be responsible for having a Career Development Plan. There will be no requirement for a teaching portfolio. Teachers will be formally observed a minimum of two times during this first year of employment, with at least one formal observation occurring each semester. Teachers successfully completing their first year of employment in the District will be put on Tier II their second year. They will then be part of the District's three-year evaluation cycle.

F. Tier II: Career Teacher Evaluation

a) Purpose of Tier II Evaluation

The purpose of Tier II evaluation is to extend and enrich the professional learning and growth of all individuals and significantly impact organizational performance. This cycle expects faculty with more than two years of in-district experience to design their own customized growth process plan. It promotes a structured, supportive and collaborative environment to promote an individual and group Individual Career Development Plan that will further the District's Comprehensive School Improvement Plan and enhance student achievement.

The individual plan shall be based, at a minimum, on:

- supporting professional growth for teachers based on their needs and reflections;
- the Iowa Teaching Standards;
- the student achievement goals of the attendance center and the school district as outlined in the Comprehensive School Improvement Plan;
- encouraging learning through exploration and application of best practices and new methods.

The teacher's evaluator shall meet annually with the teacher to review progress in meeting the goals in the teacher's individual plan. The teacher shall present to the evaluator evidence of progress. The purpose of the meeting shall be to:

- review the teacher's progress in meeting career development goals in the plan;
- review collaborative work with other staff on student achievement goals;
- modify as necessary the teacher's individual plan to reflect the individual teacher's and the school district's needs and the individual's progress in meeting the goals in the plan.

The teacher's supervisor and the evaluator shall review, modify, or accept modification made to the teacher's individual plan. When a teacher is assigned to more than one building, the teacher will write a plan that will be approved by one evaluator.

b) Performance Reviews

Performance review means a summative evaluation of a teacher, other than a beginning teacher. It is used to determine whether the teacher's practice meets school district expectations based on the CSIP and building goals, as well as the Iowa Teaching Standards.

The review should include, at a minimum:

- assisting teachers in making continuous improvement;
- documenting continued competence in the Iowa Teaching Standards;
- identifying teachers in need of improvement;
- determining whether the teacher's practice meets school district expectations for career advancement;
- classroom observation of the teacher;
- teacher's progress and implementation of the teacher's Individual Career Development Plan;
- supporting documentation (e.g. other evaluators, teachers, parents and students);
- may include video portfolios as evidence of teaching practices.

The performance review will occur at least once every three years on or before March 30.

G. Tier III: Intensive Assistance

a) Purpose of Tier III

The purpose of the Intensive Assistance Cycle is to provide a structured process for a non-probationary teacher who needs additional assistance and support to maintain an acceptable

level of performance as identified in the job description and Iowa Teaching Standards and Criteria. It is used when a teacher's future employment with the District is being scrutinized and a potential termination of contract could result. This process is initiated in writing with all the requirements of due process met. It consists of two assistance levels: awareness phase and intensive phase.

b) Awareness Phase

In the Awareness Phase, the administrator/evaluator identifies a problem relating to the Iowa Teaching Standards 1-7 that is characteristic of a teacher's performance rather than an anomaly. The evaluator should contact the staff member in writing, make him/her aware of the problem, collaboratively develop the means to resolve the problem, and schedule a time to discuss resolution. The Awareness Phase shall last no longer than three (3) months and is part of the 12-month maximum duration of the Intensive Phase.

While the teacher and evaluator attempt to resolve the problem, the staff member continues to work on Individual Teacher Career Development Plans. At the conclusion of the scheduled time frame, the evaluator will review the progress and will make one of the following recommendations:

- problem is resolved and the staff member is removed from the Awareness Phase;
- problem is not resolved and the staff member is notified in writing and placed into the Intensive Phase.

c) Intensive Phase

After the final meeting of the Awareness Phase, a letter will be sent to the staff member to formally notify him/her of placement in the Intensive Phase. A copy is forwarded to the superintendent's office and is placed in the personnel file. The staff member should also be notified of his/her right to request assistance from the local Association.

A conference will be held between the staff member and the evaluator to develop an Assistance Plan that must include a specific statement of problems related to one or more of the Iowa Teacher Standards 1-7 as well as specific growth promoting goals that are measurable, realistic, and time-bound. In addition the plan will include strategies to be applied in achieving the goals, intended timelines for the strategic actions, and specific criteria for evaluating the successful completion of the plan. The summative evaluation of the teacher in the Intensive Assistance Tier must be made by the designated evaluator. At the end of the designated timeframe, one of three recommendations will be made at the time of the summative evaluation:

- problem is resolved; the staff member is removed from the Intensive Phase;
- progress is noted; the timeline is extended but may not exceed twelve (12) months according to Iowa law and work continues in the Intensive Phase;
- problem is not resolved; progress is not noted. Actions are then taken by the District to move towards a recommendation for non-renewal of contract.

ARTICLE XIII

TRANSFERS

- A. Upon knowledge of vacancies, the Superintendent shall post in all school buildings a list of vacancies which occur during the school year and for the following school year. Such notice shall be posted for at least three (3) school days. Employees requesting a voluntary transfer will be granted a meeting to discuss the transfer.
- B. If an employee is involuntarily transferred, the employee will have the opportunity to discuss the transfer with the building principal. When the Superintendent becomes aware or has knowledge that an involuntary transfer is necessary, he/she shall notify the affected employee within ten (10) days of that time.

ARTICLE XIV
STAFF TURN-OVER MONIES

The Board and the Association agree that 75% of the monies realized from staff turnover will be added to the allowable growth in determining the amount of money available for salaries for the following contract year.

ARTICLE XV FINALITY AND EFFECT OF AGREEMENT

The parties acknowledge that during the negotiations which resulted in the Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining, and that the exercise of that right and opportunity are set forth in this Agreement.

This Agreement constitutes the entire agreement between the parties for the 2007-2008 school year, and concludes collective bargaining for said term.

It is expressly understood and agreed that all functions, rights, powers, or authority of the administration of the School District and the Board of Directors which are not specifically limited by the express language of this Agreement are retained by the Board, provided, however, that no such rights shall be exercised so as to violate any of the specific provisions of this Agreement.
